Ideation Phase
Define the Problem Statements

Date	29 September 2026
Team ID	SWTID-2026-3564
Project Name	Auto Ticket classification using FLOW DESIGNER
Maximum Marks	2 Marks

Customer Problem Statement Template:

Create a problem statement to understand your customer's point of view. The Customer Problem Statement template helps you focus on what matters to create experiences people will love.

A well-articulated customer problem statement allows you and your team to find the ideal solution for the challenges your customers face. Throughout the process, you'll also be able to empathize with your customers, which helps you better understand how they perceive your product or service.

I am	Describe customer with 3-4 key characteristics - *who are they?*	Describe the customer and their attributes here
I'm trying to	*List their outcome or "job" the care about - what are they trying to achieve?*	List the thing they are trying to achieve here
but	Describe what problems or barriers stand in the way – *what bothers them most?*	Describe the problems or barriers that get in the way here
because	Enter the "root cause" of why the problem or barrier exists – *what needs to be solved?*	Describe the reason the problems or barriers exist
which makes me feel	Describe the emotions from the customer's point of view – *how does it impact them emotionally?*	Describe the emotions the result from experiencing the problems or barriers

Example:

Problem Statement (PS)	I am (Customer)	I'm trying to	But	Because	Which makes me feel
PS-1	an IT support agent	classify and route incoming tickets to the right team quickly	tickets are sorted manually and often get misrouted	ticket descriptions are unstructured and there is no automation to classify them	Frustrated and overloaded
PS-2	an employee raising an IT issue	get my ticket resolved quickly	it takes a long time for my ticket to reach the right team	the ticket is assigned to the wrong group and needs reassignment	Frustrated and ignored
